rp Visual Solutions' NitWit Monthly

— What is a NitWit —

*NitWit comes from the words Nit & Wit.
Nit is a measurement of light, and Wit is quick knowledge.
Therefore, this newsletter is for Bright and Sharp AV Souls.*

— Are you a NitWit or not? —

*Are you ready for some football? Do you want to be a NitWit?
Are you going to be in Southern California in the next month?
Then.....*

rp Visual Solutions is hosting four
Thursday Seminars & After-Seminar Football Parties on HDTV **Xtra** Big Screen
Each Seminar is limited to 24 attendees and is worth 1 CTS Unit
Football Party is unlimited attendees and open to AV Integrators, Dealers, and Consultants

— Featured Application —

2 x 4 rpw Wall

- 95" x 254" Overall Image in 82" of Depth
- *8 (eight) 80" dnp Black Bead Screens
- Christie RPMSP-D100U Engine

Occidental Petroleum has chosen rp Visual Solutions as their custom Command Wall supplier for their new N.O.C. Network Operation Control facility located in Bakersfield, California. When completed later this year, this 2 high x 4 wide - 80" Diagonal Black Bead - RPW - Rear Projection Wall will be one of the most technological advanced control systems in the Petrol Chemical industry. *Occidental Petroleum* worked closely with rp Visuals utilizing our VDC - Visualization Demo Center to prototype their potential solutions.

Integration by Avidex

Please let us know how we can be of assistance in designing your next display mount project.
Our Room Plan Worksheet is available as a PDF or Interactive Online.
